**POINT.**

Huele a mar entre los dedos salados. Solo la radio rompe el silencio de la tarde con melodías que nos hablan del Mediterráneo y de sus raíces. Una leve brisa mece una cortina blanca y espesa y trae consigo un hilo de aire húmedo que nos abre los pulmones y el corazón.

*It smells like the sea between our salty fingers. Only the radio breaks the silence of the afternoon with melodies that tell us about the Mediterranean and its roots. A light breeze gently blows a thick white curtain and brings with it a trickle of moist air that opens up our heart and lungs.*

# A hand-braided story

Las sillas trenzadas simbolizan los veranos eternos y salados. Por sus rejillas se cuelan historias que tocan la fibra, que son testigos e inspiración para aquellos artesanos de antaño que entrelazaban el mimbre, el cáñamo, el junco... y conseguían que la magia brotara entre sus dedos, fuertes y ajados. Las trenzas, además de un modo de trabajar la fibra y una técnica artesana precisa, encarnan un sentimiento de pertenencia. Nos atan a una tierra, a una cultura, a una tradición. Nos traen a la memoria aquellas largas tardes de verano sentados al fresco. Y las manos rugosas, imperfectas pero amables, de los hombres y mujeres que consiguieron trenzar sentimientos. De ellos heredamos la técnica que nuestros artesanos practican al amparo de esos atardeceres rojos tan suyos, tan nuestros.

*Woven chairs symbolise those everlasting, salty summers. Through their wicker, stories are told that hit close to home, which are witnesses and inspiration for the craftsmen of long ago who wove wicker, hemp and reed... who managed to make the magic come alive between their strong and worn out fingers. Weaving is a precise artisan technique that requires a special way of working the fibre, in addition to embodying a feeling of belonging. It ties us to a land, to a culture, to a tradition. It reminds us of those long summer evenings sitting out in the cool air. And the rough, imperfect but kind hands of the men and women who had the ability to weave feelings. It is these people from whom we have inherited the technique that our craftsmen and women still practice under those red sunsets that are as much theirs as they are ours.*

Con 100 años de trayectoria a sus espaldas, POINT nos invita a continuar disfrutando de nuestros jardines, porches y terrazas. A sentarnos sobre esas trenzas que nos recuerdan quiénes fuimos pero, sobre todo, quiénes somos. Exteriorismo de calidad con un mobiliario fresco y elegante que conecta con la naturaleza y pone todo su diseño, confort y solidez para que vivamos nuestros exteriores intensamente.

*With 100 years of experience, POINT invites us to continue enjoying our gardens, porches and terraces. To sit on the weaves that remind us not only of who we were, but who we are. Quality exterior design with fresh and elegant furniture that connects with nature and offers up all of its design, comfort and strength so that we can enjoy our outdoor spaces with passion.*

POINT cumple un siglo y tres generaciones. Pocas empresas pueden decir lo mismo. La marca referente internacional en mobiliario de exterior celebra sus 100 años de una historia trenzada a mano. En cada hilo, en cada nudo, en cada recodo de sus formas se pueden leer, como prismas de su tiempo, todo el diseño, la evolución y la cultura del mueble de fibra y ratán elaborado en España.

Las modas pasan, los gustos de los consumidores evolucionan, los materiales se amplían y los diseños se renuevan incesantemente. Pero la esencia de POINT ha permanecido durante tres generaciones, prolongando nuestros hogares al aire libre y haciendo confortables jardines, terrazas, hoteles y restaurantes. Hoy, como hace un siglo, son sus muebles los que hablan de POINT, de su pureza, de su bienestar y de su filosofía, difundiendo por todo el mundo la cultura que hay detrás de ellos.

*POINT is turning 100 years old, having passed through the hands of three generations. Few companies can say the same. The international leader in outdoor furniture is celebrating 100 years of handwoven history. Each and every thread, knot, and shape acts like a prism through which you can perceive the design, evolution and culture of their woven fibre and rattan furniture that is made exclusively in Spain.*

*Trends come and go, consumer tastes evolve, materials improve and designs are constantly being renewed. But POINT's essence has remained the same for three generations, bringing our homes into the outdoors and making sure our gardens, terraces, hotels and restaurants are as comfortable as possible. Today, just like a century ago, POINT's furniture speaks for itself, it speaks of the brand's purity, wellbeing and philosophy, spreading the culture behind this furniture all over the world.*

# Havana

**Alfonso Gallego**

En blanco y negro, como en las mejores fotos, la fibra se entrelaza en un armónico contraste en la colección Havana. Un dúo indisoluble, el mejor tándem decorativo, en versátiles sillas y mesas de líneas sinuosas que, como brazos y piernas de ingrátidos bailarines, invitan más que a sentarse a sentirse.

In black and white, just like the best photos, in the Havana collection the fibre is woven in a harmonious contrast. An unbreakable duo, the best decorative tandem, in versatile chairs and tables with sinuous lines that, just like the arms and legs of weightless dancers, invite you to experience a sensation rather than to just sit down.

# Arena

**Alfonso Gallego**

Cuando el salón sale al jardín y se integra con la naturaleza, los sentidos se despiertan. Y entonces huele a verano, a tresillo de mimbre de los años 60, a Mediterráneo. El confort outdoors en unos muebles con solera, altas dosis de frescura y un guiño al pasado que nos recuerda los orígenes de la firma.

When the living room heads out into the garden and joins nature, our senses are awakened. And it is in this moment that it truly smells of summer, of a three-seat wicker sofa from the '60s, of the Mediterranean. Outdoor comfort in furniture with character, high doses of originality and a glimpse into the past that brings the brand's origins to mind.

# Brumas

## Alfonso Gallego

La queremos siempre, pero especialmente en verano por su frescura y confortabilidad. Es la fibra sintética Shintotex®, que en la colección Brumas, con su tono tostado, evoca más que nunca al mimbre con el que nuestros abuelos trenzaron cestas y sillas. Para uno, para dos o para tres, estos renovados asientos, más resistentes que sus ancestros, nos recuerdan quienes fuimos, pero sobre todo quienes somos.

We've always loved it, but we love it even more in summer due to how fresh and comfortable it is. We're talking about the synthetic Shintotex® fibre that's used in the Brumas collection and that now more than ever before, is reminiscent of the wicker that our grandparents used to weave baskets and chairs. For one, for two, or for three people, these renewed seats are more durable than their predecessors, and although they remind us who we were, they remind all who we are.

In page 69, armchair and sofa 3 in toasted 03.

# Charleston

**Alfonso Gallego**

Como en un movimiento zigzagueante, el estampado en el trenzado de la fibra de POINT recorre la silla Charleston aportando esa nota de color que casa con la abundante vegetación de nuestros exteriores. Alegres asientos para hogares e instalaciones con *swing*.

Just like a zigzag movement, the print on the weave of the POINT fibre dances across the Charleston armchair, providing that hint of colour that blends perfectly with the abundant vegetation in our outdoor spaces. Cheerful seating for homes and installations with plenty of swing.

Si el mueble de Teca o Merbau ha estado expuesto a los elementos y se deja sin tratamiento, ambas maderas se enfrentaran a una pátina de color gris plateado después de unos meses. Este cambio en la apariencia de la madera no afecta a la integridad estructural de los muebles. En este caso, únicamente deberá limpiar a fondo una o dos veces al año, con agua tibia y jabón neutro, frotando con una esponja.
