the designer

Eugení Quitllet

The Catalan designer Eugení Quitllet was born on 17th April 1972 in Ibiza. He graduated from 'La Llotja' art school in Barcelona. Through his creative vocabulary he exceeds simple relationships between function and style unveiling innovative objects. Between drawing, sculpture and contemporary archaeology, Quitllet literally reveals silhouettes hidden in the material, extremely visual skeletal objects elegantly master fullness and emptiness often with a touch of humour. Eugení Quitllet is a design world freak capable of devouring the whole of our environment in his own way to serve it up to us transformed.

"Every idea comes from the sea as the life does."
